Description

Alberto Breccia is recognized as one of the greatest international cartoonists in the history of comics and *Mort Cinder* is considered one of his finest achievements. Created in collaboration with the Argentine writer Hector Germán Oesterheld, best known in the U.S. for his politically incendiary sci-fi masterpiece, the Eisner Award-winning *The Eternaut*, *Mort Cinder* is a horror story with political overtones. This episodic serial, written and drawn between 1962-1964, is drawn by Breccia in moody chiaroscuro. The artist's rubbery, expressionistic faces capture every glint in the eyes of the grave robbers, sailors, and slaves that populate these stories; while the slash of stripes of prisoners' uniforms, the trapeziums of Babylon, and more create distinct and evocative milieus.
